FROM THE PRINCIPAL

Welcome back for Term 3 to all of our Hampton students, parents and staff.

While every term is important, this one is particularly significant for our Year 12 students as they work towards completing the majority of their courses before we go into the next holidays. For all Year 12s now is the time to ensure that the last little piece of secondary schooling is mastered with as much effort and enthusiasm as possible. After tracking the Year 12 results to this point, I am quietly confident that the hard work will pay off and our 2015 Graduates will match the standards set by previous year groups.

On the subject of results, I spent the last couple of weeks of Term 2 reviewing the academic performance of all students across Years 7-12 and was generally pleased by levels of achievement. However, there is always room for improvement and it is important that all students are using a diary or calendar to ensure assessments are handed in on time, that there is a homework/study timetable in place at home and that, where necessary, students are accessing our free online tuition service via Your Tutor. Any student who has forgotten their login can access help with this from Student Services.

As we start the course counselling process for Year 10 students choosing their subjects for Year 11 in 2016 I would remind parents who haven’t previously paid the school fees to do so as soon as possible as we rely on your support to be able to continue to provide the high cost options and courses (particularly in Senior School) that students enjoy so much.

I am looking forward to what the term has in store and look forward to seeing you at our School Production or during our Arts Week performances. Further details about these events and tickets for all the family can be accessed by contacting our Admin Services team.
