   (a) Not all the subjects listed on your enrolment sheet may be available next year. The number of students selecting a subject will determine whether that subject is finally included.
   (b) Every effort will be made to accommodate students with the subjects of their choice. **However, due consideration needs to be given to teacher recommendations.**
   (c) Students should select subjects with the expectation they will study them for the full year. Course requirements make changes very difficult once the year has started.
