School Ball

On Friday April 23, our Year 12 students celebrated the beginning of Term 2 in style at the school ball. It was held at the beautiful Caversham House with the theme of "Dripping in Luxury" and what an amazing night it was!

A huge thank you to our ball committee who assisted in organising the event, it was amazing to see their ideas come to light from our brainstorming sessions. All students and partners put in a fabulous effort getting ready for the event and they all looked absolutely stunning. We are sure they enjoyed the evening, and we are looking forward to sharing further celebrations for the remainder of the year.

We would like to acknowledge the award winners: Lance Fontanares & Jashwini Rabadia for receiving the beau and belle of the ball. The best overall dancers were won by Kayla Booth & Asher Chidoti.

Thank you to all staff who attended for your assistance and support throughout the evening and making it a night to remember for our students.

SUBS in Schools

Students in the Year 10 Underwater Engineering class have been hard at work developing their ROV designs and commencing the construction of their ROVs in preparation for the State Finals being held at the end of Term 3. As part of the design and team management process, students have participated in a workshop on developing their team brand, as well as listening to industry experts share their experience working on ROV projects. Early in Term 2, the students were given an opportunity to visit Elite Graphix in Osborne Park where they were given a tour of their workshop and had the opportunity to receive feedback on their team logo designs from a graphics designer and the managing director of Elite Graphix. In the second half of Term 2, students had the opportunity to listen to a presentation from the director of Innovative Solutions Plus explain how ROVs were designed and operated in industry.

Resources Technologies Showcase 2021

Four of our students who had previously competed in the SUBS in Schools competition were invited to discuss their experiences working on the project as part of the Defense Industries presentation on STEM at the Resources Technologies Showcase at the Perth Convention and Exhibition Centre. The students spent the day exploring the various exhibits at the showcase while also assisting at the SUBS in Schools display at the Defense Industries booth where they talked to students about the program and what they had learnt in the project. Students who participated in the panel were Steven Wilson and Tyler Stewart from Team Enigma, and Dara Oukrin and Corway Haung from Team Narvel. If you would like to see video of the presentation, the video can be found on the RTS website in the Centre Court section (<https://rtsperth.com/centre-court/>). Thank you to the Marine Industry School Pathways Program for continually supporting our students through the SUBS in Schools program.

ITC

Year 8 General ICT students have been creating a wire loop game using a small, credit card-sized computer called the 'micro:bit'. The micro:bit powers the loop and is programmed by the students to keep count of the number of times the player touches the wire loop with the wire probe. A great way to combine Science and ICT in a game while learning.

Specialist ITC Eden Hill Primary

The Year 7 Specialist ICT class mentored a group of students from Eden Hill Primary School in May. The EHPS students came to Hampton and learned to design and code games in the Scratch application, with a little help from our Specialist students. In the first week, the Hampton students demonstrated how to create games in Scratch with EHPS students observing. In the second week, the EHPS students took the 'driver's seat' and were ably assisted by the Year 7 Specialist ICT students who were excellent mentors and successfully represented Hampton SHS. Well done to Ms Alford for her collaboration with Eden Hill Primary.

"A day in the life of a tradie"

Mops, eating on the run and looking at engines all day

Workplace learning students, coping with reality of life in the real world. Cleaning and repairing mops, short lunch breaks and looking at greasy engines all day! Luckily for these students they all have an interest in working with cars and thoroughly enjoy their day at work after their day at TAFE learning theory.

Tannah Lee Year 11- Actually knows what she is looking at under the bonnet!

Enthusiastic, mature and knowledgeable.

Mal Motors Bayswater

James Ross Year 11 – Reliable, hardworking and always cleans up after himself!

A&N Carfactory Morley

Brodie Kemp-Enjoys working with auto electrics and is seeking an apprenticeship.

Dinkum Auto Electrical Malaga

Lucas Hewins eating on the run at work. Highly motivated, gets on well with everyone and extremely reliable and hardworking.

Metro Motors Morley

Lachlan McCarthy Extremely hardworking, shows initiative, great worker!

Big Rock Toyota Balcatta

Rhomer Aquino Year 12 would love to follow in his Dad's footsteps and become a mechanic.

Big Rock Toyota Balcatta

English

This term in Year 7 English the students have been creating their own short stories that they then turned into a children's picture book. Students worked amazingly well over four weeks in class, with some students completing additional work at home. Students who finished early were encouraged to write a sequel to their story to further develop their characters.

HaSS Family Crests

Mrs Cosson's Year 8 classes are currently learning about the origins of their family name. Students located their crest or designed their own and began drawing them on to fabric panels. They will be joined together to make medieval styled banners for the classroom. The History topic of Medieval World is always a popular one with students; crimes, punishments, plague, knights and castles...lots of 'happy' times in ye olden days.

The Visit

(by Mr Bartuccio)

This year our Senior Drama Production was *The Visit* by Freidrich Durrenmatt. This post World War II comedy was a challenging piece that tested our drama students in Years 11 and 12 students. This year the large cast requirements provided an opportunity for the Year 10 Specialist Performing Arts class. This preparation process experienced some obstructions due to the Covid lockdown in the first week of Term 1 which left us with little time to refine and tighten the show for our audience. How did our students handle this pressure I hear you ask? Amazingly well. Their hard work resulted in a fast, precise and very funny show that was well received by the audiences over both nights. It showed how professional our Drama students are across the board. I was so impressed by their commitment to their characters and the production as a whole it left me with a sense of pride. I feel privileged to teach such a talented group and thank them all for their efforts through the whole process. Thank you and I look forward to seeing your work in our up and coming biannual Arts Festival.

Year 12 Art Excursion

This year the ATAR Visual Art's students went on an art excursion to Perth city to explore street art and be inspired by the Pulse Perspectives. Students were given a private tour by a local guide through the streets and down the laneways of the city. They saw a range of graffiti art by local and international artists and a selection of sculptural pieces. Students learned about the history of Perth's art scene and about First Nation artists and the meaning behind their art. After a quick lunch the students explored this year's selection for Pulse Perspectives at the Art Gallery of WA. This year's exhibition features 30 works by the 2020 Year 12 Visual Arts graduates from 21 schools across Western Australia. Students contemplated the detail, meaning, and technical skill for each artwork and will bring this new knowledge and inspiration into their own final production artwork.

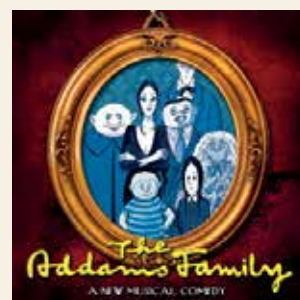

ARTS FESTIVAL

AUGUST 17 - 18 - 19 - 20

SCHOOL MUSICAL

AUGUST 5 - 6 - 7

BushRangers

The Hampton Bush Ranger Cadets have been working extremely hard this semester, completing and participating in plenty of activities both in and out of the school setting.

Kings Park

On May 31, the Bush Rangers went on an excursion to Kings Park where they participated in an orienteering activity with the education centre. Students were split into groups and sent to find different markers that were strategically placed around Kings Park. After the activity, we walked over to the War Memorial where students learnt about the importance of the eternal flame, whispering wall and the monument.

Suitcase Circus

Our last session for the term included an incursion with Joe from Suitcase Circus. All cadets had a blast learning different tricks and experimenting with the various pieces of equipment that he brought along.

Roaming Reptiles

Another incursion that we had was when Roaming Reptiles came to visit. They brought plenty of different snakes and lizards to share with us. Students learnt about their diet, their habitat, and how to look after them. It was great to see so many students and staff involved in the activity. Some were even lucky enough to hold some of the reptiles.

Bickley Camp

Although it may have been the coldest night of the year the Bushrangers had a fantastic time on their trip to Bickley Outdoor Recreation Camp. There were plenty of activities to keep the cadets busy over the 24-hour period. Participating in mountain biking, orienteering and climbing the students never had an opportunity to get bored. So many students conquered their fears and managed to climb higher than they expected on the "vertical challenge."

Lunchtime Activities

A variety of lunchtime activities have been offered to the students and it is great to see so many actively participating.

Nail Art has been very popular and not only with the girls.

One young man was very serious complaining that his male manicurist (off to get another colour) had not been neat enough! 'Miss how do you rub it out and can you paint them straight for me?'

Lots of laughs and the boys had good fun which is what it's all about!

Other activities have been held in the quadrangle including tugs-of-war, hula hoops etc and students have also been playing on the newly marked handball courts. Thank you to Ms D'Alesio our new Chaplain and the team from Nation for creating a vibrant and uplifting atmosphere for Friday lunchtimes! Singing, dancing, walking tightropes, spike ball, tug of war and noughts and crosses.

Students and staff had so much fun enjoying each other's company, laughter and good old fashioned competition.

Physical Activities

High Schools Cup Netball

Hampton Senior High School recently participated in this competition on June 10. Two teams of Years 9 and 10 students were selected to represent HSHS and both played exceptionally during the day. The Year 10 team won two out of four games demonstrating superior skill, whilst the Year 9 team battled a competitive league and continued to show courage and teamwork despite the unfavourable results. Hampton was unlucky to not have made the finals however both teams should be proud of their efforts during the day.

Champion Schools Basketball

In May the Hampton SHS basketball team participated in the Champion Schools Tournament. The boys played extremely well despite competing against older students for most of the day. Whilst they unfortunately did not win, each game was closely contested, two of which were only lost in the last couple of minutes. The students demonstrated their ability to apply the quick changes the coach made in both defense and offense which is an essential skill for any basketball player and/or athlete.

There is certainly a lot of potential in this young team. With perseverance and dedication by the players, Mr Drown (Coach) believes these boys could be an elite basketball team.

Year 10 Carnival

Netball

On Thursday May 6, twelve of Hampton's most dedicated netballers attended this carnival at the newly resurfaced Noranda Netball Association. With rain predicted for the day the players prepared themselves for tough conditions, however the sun was out which made for an enjoyable day for all involved. With Hampton being placed in the top division, everyone knew that the games would be a real test, with the game against John Forrest being especially difficult. During the day the team played five games in a round-robin format, winning four of those games and unfortunately losing their only game to John Forrest – in what proved to be a close and competitive game. This resulted in them being runners-up for their division. The team showed incredible athleticism, sportsmanship and knowledge throughout the day. A special mention to Abby Millar, who was a sharp shooter in all of the games and Jorja Venema who proved to be an outstanding leader with the ability to motivate the team when they needed support. Thanks to Emily Purcell and Kyah Chirichilli who umpired and coached the girls. Congratulations girls on your excellent performance.

Soccer

On May 6 the Year 10 boys had the privilege to compete in the soccer lightning carnival at Ellenbrook Sports Hub. There were many highlights that made this day an interesting one for all. Some of these highlights include Ziyad pulling off some incredible saves, playing a game in some extremely heavy rain and Sadiq's celebration where he ran around, took his shirt off and waved it above his head when he scored a hat trick. The boys managed to finish 3rd overall for the carnival. Each student who attended should be proud of the way they conducted themselves and represented Hampton.

Year 9 Carnival

Floorball

On Wednesday June 16, the Year 9 mixed floorball team competed in this carnival and qualified for the grand final in their zone. They went through the round robin competition only losing the one game and drawing another tight contest. The most impressive part was that none of our students on the team had any floorball/hockey experience! One of the teams we competed against is Hockey WA endorsed. Our students did an excellent job to show their talents and hard work on the playing field, competing and

battling against some serious competition. The results were wins against Mt Lawley, Dianella and John Forrest 2, draw against Morley and a 0-9 loss to John Forrest 1.

The team then played off in the grand final against John Forrest 1 losing 4-1 which was a significant turnaround after losing to them earlier in the day. The students should be very proud of themselves as they were the only team to score against this very strong opposition. The students should be commended for their encouraging efforts and professionalism displayed on the day. The team members are Abbi Sodini, Isaac Andrews, James Leonard, Bailey McLaughlin, Georgie Purcell, Sarah-Jane Rule and Sarah Walton.

Basketball

The basketball team showed determination and skill throughout the carnival. Despite not having a single training session prior to the day, they were able to win several games in the top division. When the team did lose, it was never by a large deficit, and the boys displayed incredible sportsmanship towards the opposing schools. It was a successful day and the students represented Hampton with pride.

Athletics (Cross Country)

A squad of 15 students from Years 7-11 represented Hampton at the Champion Schools Cross Country. This event is open to all schools so some of our students were competing with up to 200 runners in their age group. It was great to see our students participate with such enthusiasm. Unfortunately we did not have any winners but several of the students finished in the top fifty with our best placed runner being Izzak Bolton who finished 17th in the 17 years boys group. Congratulations to all competitors and Mr Dean (Athletics Coach).

Volleyball

Mrs Jack had the privilege of taking some lovely girls to compete in the volleyball at the Year 9 carnival.. Although we only had 5 girls competing, which meant no substitutes and one less player on court, the girls rose to the occasion and represented Hampton Senior High School with pride and determination. Kylie Stokoe injured her ankle, however she could not be convinced to rest and sit off. Kylie persevered through the rest of the tournament, remaining committed to her team and school. The other students in her team supported Kylie and covered court space so Kylie did not have to move around too much. The girls won four out of their six games and came 5th out of 11 teams in the tournament. The girls played with a positive attitude, displayed great sportsmanship and were friendly and polite throughout the day. Well done for being such positive school

Soccer

On June 16 the Year 9 boys attended the carnival at Ashfield Reserve in Bassendean. They competed against John Forrest and Governor Stirling in a series of small-sided matches. After a shaky start, the boys soon adjusted and started to have some success. Many matches went by and eventually Team 1 made it to the grand final and won by a whopping 11 goals (14-3). Team 2 made it to the game playing off for third place but went down by only a couple of goals to finish fourth. Overall, the boys should be proud of the way they represented Hampton and carried themselves both on and off the field. Well done boys!

Former Students

Congratulations to Hampton's very own **Cezera Critti-Schnaars** for her recent wins at the Performing Arts WA Awards! Cezera won both the Best Supporting Actor for her role in Hecate, as well as Best Newcomer (Theatre).

Cezera graduated from our Specialist Performing Arts – Drama program in 2017 and has since gone on to perform for the Yirra Yaakin Theatre Company and Spare Parts Puppet Theatre.

We are immensely proud of Cezera and can't wait to see to see what she does next!

Briana Prince-Wright (2018 Alumni) graduated from the Australian Performing Arts Network in 2020.

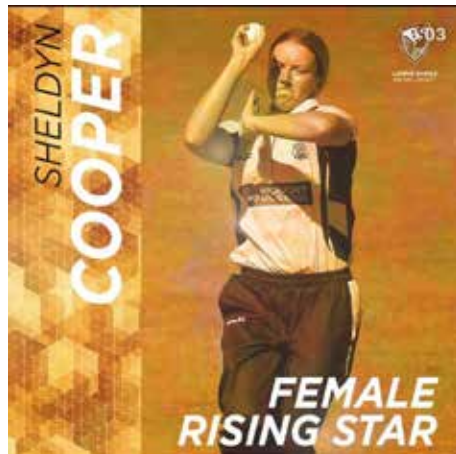

Briana has a busy career now teaching at dance schools in Perth and performing in some great productions at the Perth Arena, Regal Theatre, Supreme Court Gardens and the Basketball and Western Force games.

Sheldyn Cooper

We are pleased to share the success of former student Sheldyn Cooper (2018 Alumni) in her cricketing career. With an impressive debut season for the State, Sheldyn was presented with the Rising Star award.

Sheldyn was a dedicated, hardworking and highly regarded student at Hampton and it comes as no surprise that she was also awarded the values based Legacy Award."

School Social

A fantastic night, the kids were amazing! They socialised, danced, behaved beautifully, and all had the best time. DJ Avi was brilliant. Nearly 80 kids turned up making the night a great success. No injuries, gate-crashers or tears just lots of fun! Thank you to all of the staff who attended or assisted in some way.
